

Don't be surprised if Cartier, Bvlgari, or Calvin Klein get inspired

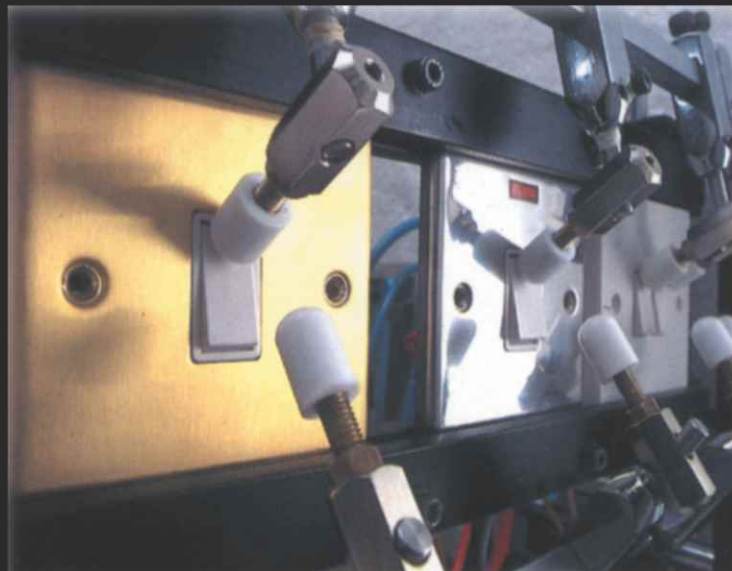

Inspiration is the life-blood of creativity. One look at the LUNAR and SOLLAR range of switches will convince you of the fine things in life, besides rare jewellery, sporty cars and designer clothes. Lunar and Sollar talk about your refined taste, your idea of a beautiful home and your warm inner self as much.

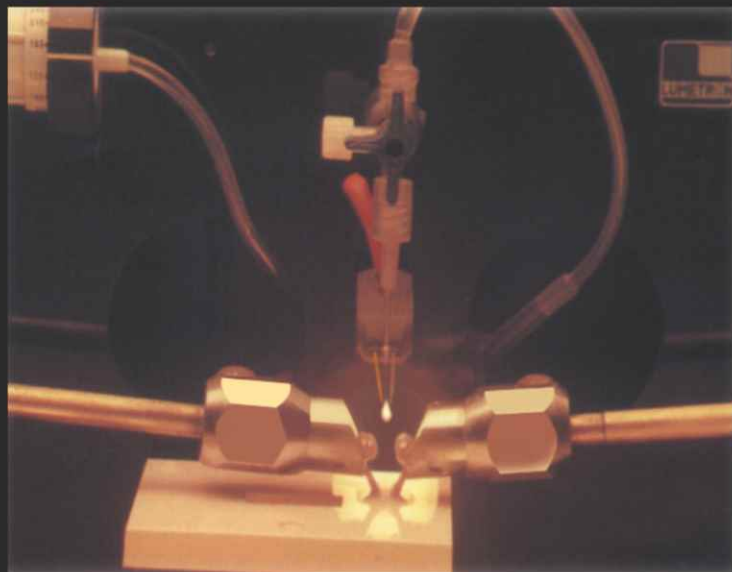

Beneath the beautiful visage of 22 karat plated gold and scintillating chrome, is the hallmark of your safety. 100%. Like the Urea Formaldehyde which forms a shield that prevents the mildest of live currents from passing through. And the unrelenting quality tests that promise you the highest international standards. Should Cartier, or Bvlgari come visiting, expect the unexpected!

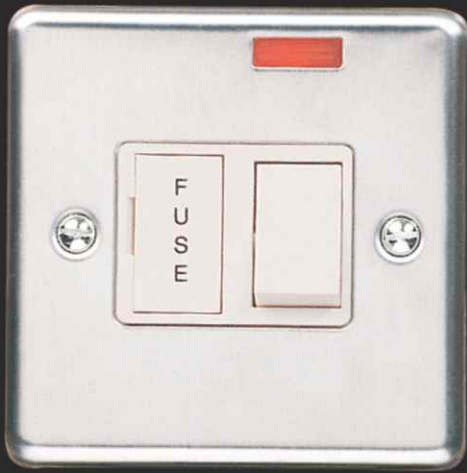

The Glow Wire tests Urea Formaldehyde's fire retarding properties at 850° C

40,000 on-off operations tests the On-load endurance of the switches

50 drops of 0.1% Ammonium Chloride confirm the non-conductivity

Lunar

PURE INSPIRATION FOR THE CREATIVE

Sollar

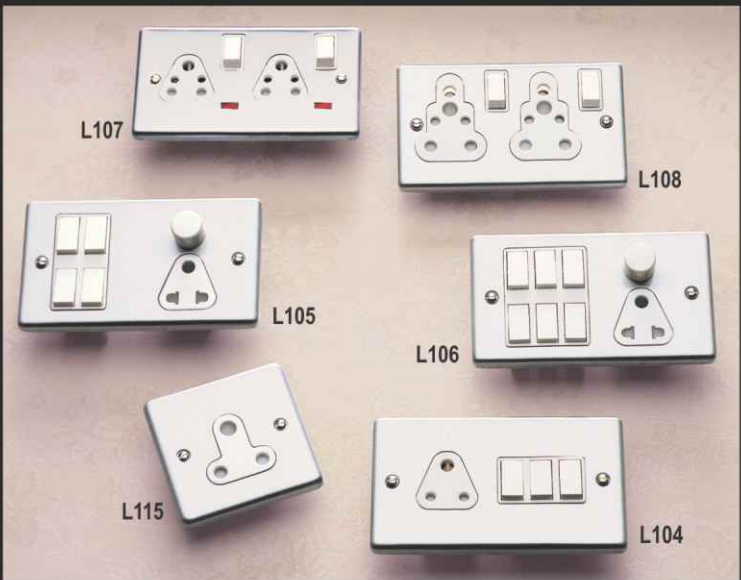

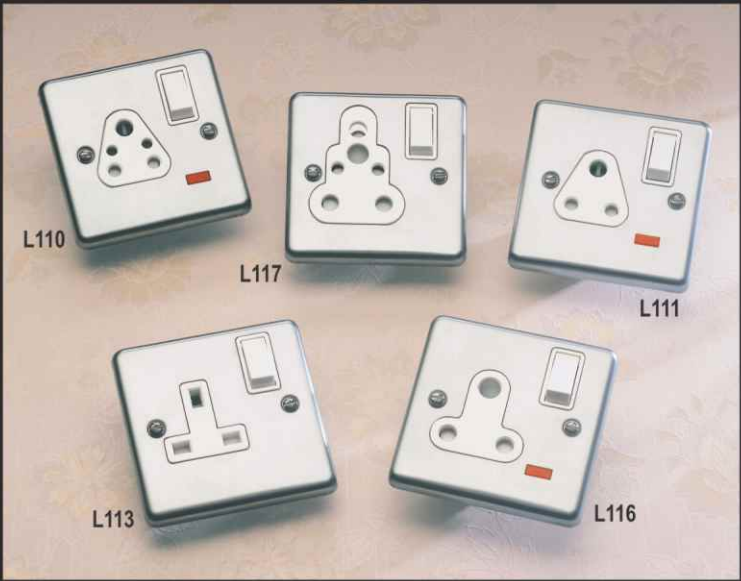

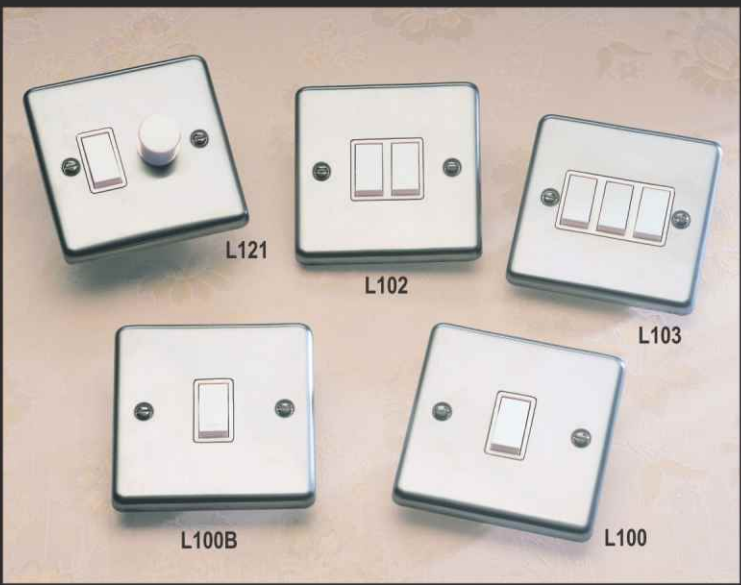

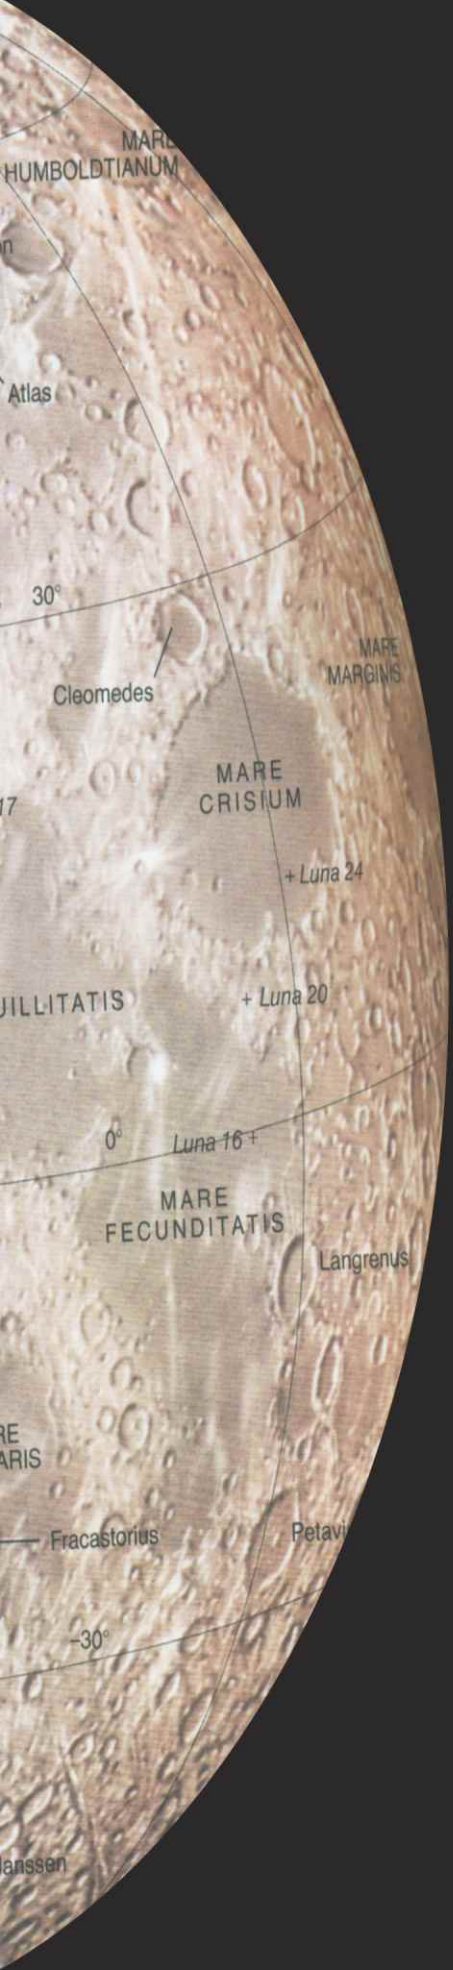

Gold. This yellow metal will never be out of style. Be it jewelry, or an object d' art, gold continues to charm the world. Rare, rich and invaluable, CPL brings the charisma of 22 karat gold, immaculately machine-plated on stainless steel. To give you non-corrosive, non-magnetic, state-of-the-art switches called SOLLAR.

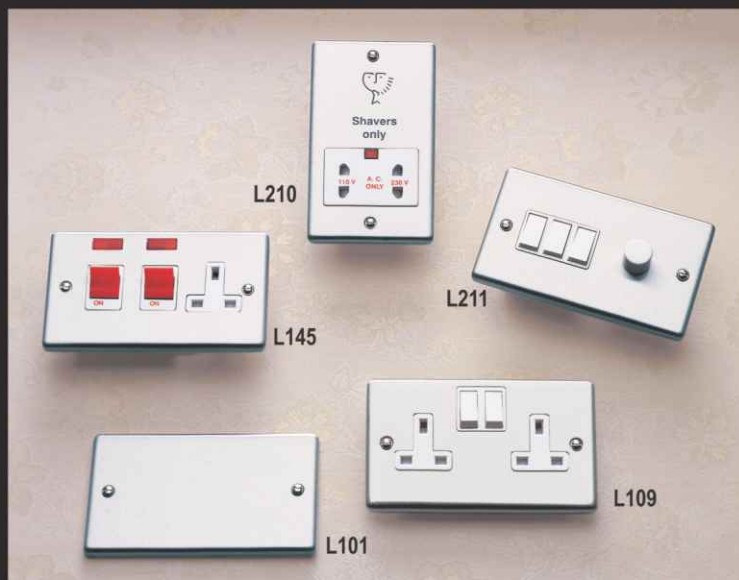

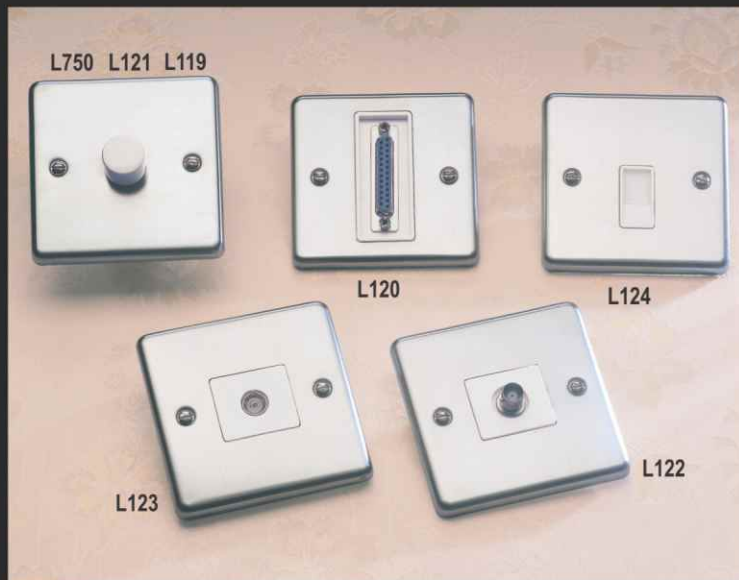

Sollar

Like the golden rays of the brightest visible star, the SOLLAR range lends a perfect complement to the dazzling aura, created by your exquisite interiors. And your taste for the good things in life.

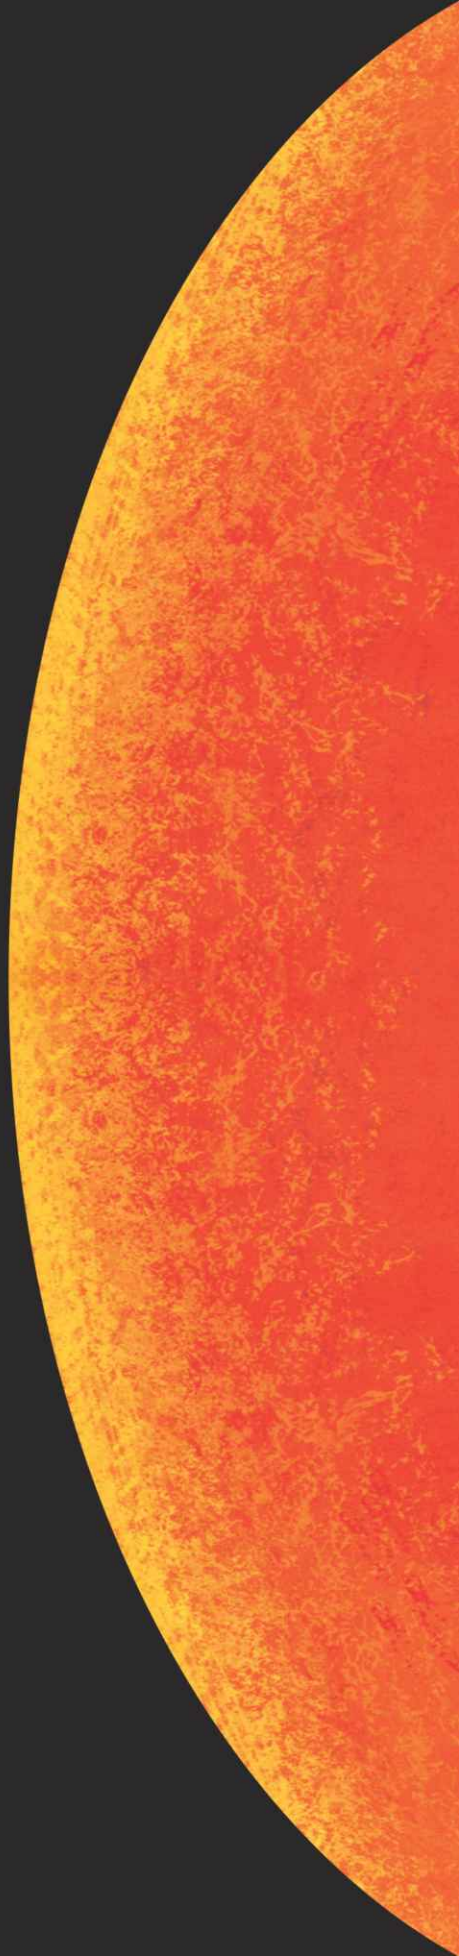

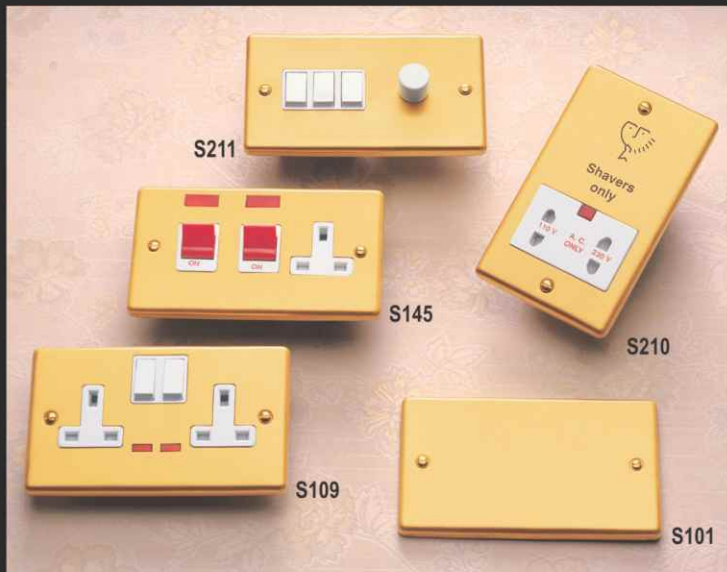

The full moon. Captivating, intriguing, romantic. A useful guide to night travellers, its enigma has fascinated many a space lover. The magic of its mysterious relationship with man is inspiration enough for CPL to name this scintillating range of 100% non-corrosive and non-magnetic, stainless steel switches, Lunar. Derived from the Roman Goddess of the moon ~ Luna.

Lunar

Set your interiors amid a subtle hint of steel. LUNAR switches are available in glistening mirror finish, and in meticulous matt. Both ~ 100% non-corrosive and non-magnetic. Who says, safety and glamour don't go together!

**LIGHTING SWITCHES**

L 100 B	S 100 B	1 Gang Bell Push 6 AMPS 240 Volts
L 100	S 100	1 Gang 2 Way 6 AMPS 240 Volts
L 102	S 102	2 Gang 2 Way 6 AMPS 240 Volts
L 103	S 103	3 Gang 2 Way 6 AMPS 240 Volts

SWITCH-SOCKETS

L 110	S 110	6 amps 2/3 Pin Multi Switch-Socket Combined shuttered
L 111	S 111	6 amps 3 Pin Switch-Socket Combined shuttered
L 113	S 113	13 amps 3 Pin Flat Switch-Socket Combined shuttered
L 116	S 116	16 amps 3 Pin Switch-Socket Combined shuttered
L 117	S 117	6/16 amps 6 Pin Multi Switch-Socket Combined shuttered

POWER RANGE

L 130	S 130	16/20 amps Double Pole Switch with Indicator
L 131	S 131	13/16 amps Double Pole Switch with Fuse Indicator
L 132	S 132	32 amps Double Pole Switch with Indicator

COMPUTER AND TV SOCKETS

L 120	S 120	25 Pin "D" Type Computer Socket
L 122	S 122	TV Socket
L 123	S 123	Computer Socket "BNC" Type

ACCESSORIES

L 125	S 125	Blank Plate
L 121	S 121	1 Switch ~ 1 Regulator
