

SWITCHGEAR

Designed to keep every industry in top gear

SWITCH FUSES (FRONT HANDLE)
16 amps - 300 amps 415 volts (TPN)

For the past forty years, CPL Switchgear

has been propelling the wheels of the industry.

Growing in tandem. Responding to its needs.

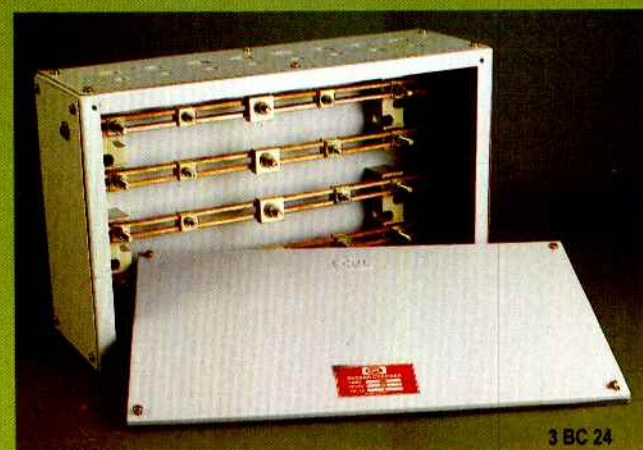

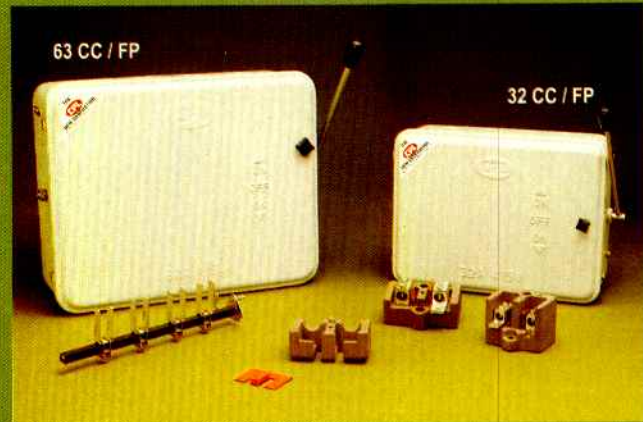

And offering a composite range that conforms

to good manufacturing practices.

FUSE SWITCHES (HRC)
200 amps, 300 amps 415 volts (TPN)

SWITCH FUSES (SIDE HANDLE)
 100 amps - 300 amps 415 volts (TPN)

SERVICE CUTOUTS
 15 amps - 100 amps 415 volts (SP/SPN/TPN)

At CPL, innovation is a way of life. Where R&D happens round the clock, the industry benefits from CPL's many firsts. Deep-drawn enclosures which are powder-coated and oven-baked after undergoing a unique, seven-tank manufacturing process; Phosphorous-bronze contacts; Finely-polished brass terminals; ISI-grade electrolytic copper; Safety shields and Fail-proof interlocks are some of the standard features in the widest switchgear range in India.

FUSE UNITS (KIT KAT)
 16 amps - 300 amps 415 volts (HRC & Re-wireable)

SWITCH FUSES (SIDE HANDLE)
16 amps - 63 amps 240 / 415 volts

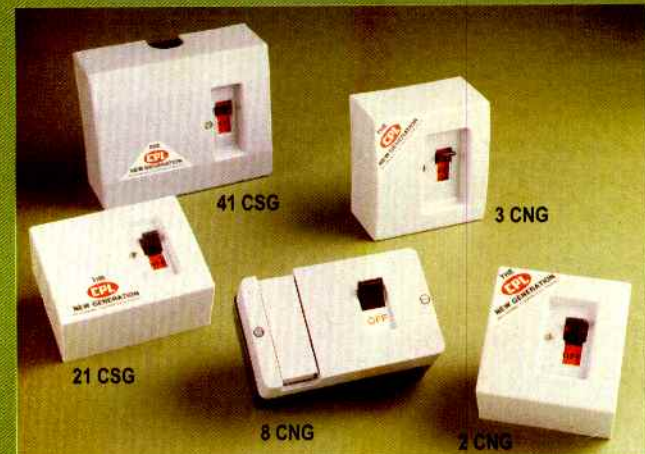

DISTRIBUTION FUSE BOARDS
16 amps - 100 amps 415 volts (2 way - 12 way)

SHEET METAL CLAD SWITCH FUSES AND SPLITTERS
16 amps - 63 amps 240 volts (SPN)

The same meticulous quality is patronised by many other countries in Europe, Africa, Asia Far East, Gulf and UAE. Little wonder then, CPL Switchgear has received the highest exports award - for 12 years in a row!

CONSUMER UNITS
4 way, 6 way, 9 way, 12 way

MOULDED COVER SWITCH FUSES AND SPLITTERS
16 amps - 80 amps 240 volts (SPN)

CPL follows a continuous R&D process. Hence product designs and specifications may change without prior notification.
